**General Lifting**

This Way

![Image](image1)

Not This Way

![Image](image2)

Stand with feet a little wider than hips, knees in line with middle toes. Squat to lift. Hinge at hips, chest lifted, shoulders back and down. Bring object as close to you as possible.

**Brushing Teeth**

This Way

![Image](image3)

Not This Way

![Image](image4)

Keep spine long and straight, chest lifted and knees bent. Hinge at the hips instead of rounding the back to bend towards the sink.

**Driving**

This Way

![Image](image5)

Not This Way

![Image](image6)

When backing up, reach right hand behind passenger headrest to brace yourself and keep chest lifted as you rotate.

---

**Exercising**

**Core Strengthening**

This Way

![Image](image7)

Not This Way

![Image](image8)

Avoid all forms of crunches. Do core control by pulling in abdominals as you bring one leg to 90° while pressing lower back down. Alternate touching toes to the floor.

**Spinal Twisting**

This Way

![Image](image9)

Not This Way

![Image](image10)

Avoid extreme seated or supine spinal twists. Gently rotate the pelvis and legs keeping shoulder blades on the floor.

**Spinal Stretching**

This Way

![Image](image11)

Not This Way

![Image](image12)

Avoid yoga Forward Fold and Pilates Spine Stretch. Do seated chest stretch supported by arms.
